FOREWORD

This is a story about us—a thousand girls and a hundred guys who have come from various walks of life to go to Madison. It's the story of how we live, both at work and play—a story about little things—education papers, class-night practice, those miles to third-floor Wilson, trips to the coke machine, and a Saturday night date.

It's also the story about big things—Homecoming, campaigning, that important formal, May Day, and graduation.

All of the things that have made 1952 an important year are reflected on these pages.

Dedication

To Mr. Howard T. Gibbons, Madison's efficient "financier," who in business matters is the first to greet us and the last to see us leave. His broad smile and his pleasing manner make it easier for us to part with our dimes and dollars.

A vital personality in a vital position of the college, Mr. Gibbons touches the lives (and pocketbooks) of every person on Madison campus.

President
JEAN DOUGLAS

Trips to near-by U. Va., W. & L., V. P. I., and other boys' schools furnished souvenirs for our scrap books and material for those inevitable bull sessions. During our sophomore year the blisters from walking the previous year began to diminish as we began to take advantage of our newly-won riding privileges. With strains of "Hi-Ho, Come to The Fair" filling Wilson auditorium and an Irish theme for class night, we left our sophomore year.

Vivacious Betty George Ramsey, alias "Georgie", came to the head of the class to start off our junior year with a bang! Meals served in Junior Dining Hall tended to remind us that we were true upper-

Can we possibly be the wide-eyed freshman class of '49 who stood in awe of those "oh-so-dignified" seniors that year? Soon after arriving, however, we found competent leadership in our newly elected president, Mancha Holland, and our beloved sponsors, Mr. and Mrs. Percy H. Warren. Mr. Warren will be remembered not only for his guidance as sponsor, but also for his humorous roles in our annual class night programs. Of all our freshman memories, a lasting one will always be the last of the Old Girl-New Girl Wedding ceremonies, which was held in our honor. And will we ever forget those two exhausting days of goating for German or Cotillion, or the thrill of our first college dance! Then, along came April, bringing with it our first and widely acclaimed class night. Yes, *Shoreboat* set us on our course for three more years of smooth sailing.

After the shortest summer we'd ever experienced, we were right back at Madison watching Marilyn Miller take the wheel of our boat and steer us through a successful sophomore year.

classmen, and with the ordering of class rings we really began to feel important. The month of December featured Miss Irene Bewley, mountain monologist, as our class day speaker. That night we left the mountains in order to take our audience to "Juhunija Island", where members of our class were *Shipwrecked*. Also, we'll look back on 1950-51 as being the year we furnished marshals for those proud seniors. Then we anxiously awaited those report cards which we hoped would tell us we were *seniors!*

Well, the big year is here! Many of the class came back early to help with the important task of welcoming the freshmen. We can still hardly believe

that it is the members of our class who now fill the major offices on campus. Our first big thrill was the long-awaited capping and gowning ceremony, at which time the class formally received caps and gowns and became seniors. Our new president, Jean Douglas, by her tireless efforts, did much to make this and other occasions ones which we will long remember. One of these was the banquet preceding the capping ceremony, which we regarded with much sentiment, realizing that it was our last.

We, the Seniors, proudly look back on our class-day speaker of this year, Dr. Murray Cayley, well-known psychologist and teacher, as one of the most successful. Who can forget that hectic dress rehearsal the night before our show was to go on? But somehow, out of it all emerged a tour of the night spots *Along Broadway*.

With student teaching and many other jobs which so characterize a fourth-year student's schedule, there isn't too much time to enjoy the fact that we're really seniors. However, as the subject of invitations, diplomas, etc. arises, we look forward, with a thrill,

yet with a feeling of sadness, to the approaching week end of graduation. So, as we collect our jeans and sweat shirts, old pots and pans reminding us of meals we planned and fixed together, old movie stubs, dance programs, etc., which will soon enter a scrap-book, we say farewell to you freshmen, sophomores, and juniors and wish you lots of luck and happiness as we enter the gates of Memory Land.

LOGAN LUXURIES FOR UPPERCLASSMEN

Junior Class

President

JUANITA COCKE

Soon after returning to school we took off for the college camp to continue our class project of last year—cleaning and fixing up the place. One word of warning to anyone going to camp—don't take the P. E. teachers as chaperones. They're a bad influence on innocent, delicate little Madison ladies; they had the nerve to challenge us to a game of football. (It surely was fun!)

We juniors celebrated Class Day during December. Naturally, our theme concerned Christmas. The stage in Wilson was transformed into a fairyland of toys and dolls that came to life. And didn't Dr. Dingleline make a wonderful Santa Claus? The Harrison Hall decorations cleverly featured the class

We're juniors! Can it possibly be? Why, only yesterday we were freshmen, a little frightened by the thought of that far-distant June, 1953.

Gradually things settled down that first year to a familiar routine, and then came October, when we formally became members of the Madison student body. We took part in the first Old Girl-New Girl Ceremony, our "claim to fame."

Before we knew it, exam time had rolled around. We were petrified. College exams!—even the word was terrible. But everyone survived to participate in Class Day. "I'm Only a Bird in a Gilded Cage" was heard, for prison life was our theme.

Time sped by. Then we became sophomores—in our minds the biggest people on campus. College was old stuff to us! We gaily helped the freshmen register and make social adjustments although a little awed at times that it could really be we. The capping and gowning of the seniors, our sister class, in the early fall was one of the year's highlights—this and, of course, Class Day. We all became geni, for our theme was "Magic Lamp."

This, our junior year, began and ended with work, work and more work—the price paid for being upperclassmen! Upperclassmen, indeed, for we proudly showed those cherished class rings to everyone who would look

officers, headed by Juanita Cocke, president, popping out of a jack-in-the-box. Nothing could have more accurately portrayed their lively "get-things-done" spirit.

Vacation was followed by term papers, exams, and more term papers in rapid order.

Then came spring. We experienced at first hand the flurry and excitement of a major campaign. Our classmates were elected to fill the major and minor offices on campus. We bought caps and gowns, and last but not least, came Moving-Up Day. With a great deal of pride and a lump in our throats, we, the class of '53, took our places in the front seats in chapel—almost seniors.

MEALTIME FOR JUNIORS

President
JO SWEET

Sophomore Class

Friends, memories, events—there are so many things that make a college year so personal, so many things which make us want to return. We had lost the bewilderment of freshmen, and now we had assumed the new role of sophomores with the task of acting as guiding lights. We realized this the first day we returned to campus and saw the poor freshmen wandering around the many buildings as we had done just a year before. We felt glad to be able to help our little sisters, for we remembered how much we needed our big sisters' aid.

The strangers of last year were now our fellow team mates. We had learned to work together in classes, clubs, programs—all the things which make up the college life. As we capped and gowned our sister class, the seniors, in the impressive ceremony in Wilson Auditorium, we really felt as if we now truly belonged to Madison. That night will always be one of our most cherished memories.

Then at long last, after months filled with the bustle of planning for the big event, it was "our day" once more. Shades of the armed forces!

It was all over the campus. The hard work spent on Harrison Hall decorations really paid off. Our assembly speaker, _____, gave a most interesting speech on _____. Then there was the night of gaiety, fun, and laughter with the work and ideas of many a sophomore packed into our theme _____. We were sorry to see our day go so soon, but we had made the most of the varied talents of our classmates.

Then all too soon it was June and another wonderful milestone was in the past. Many a tear was

shed as we saw our graduating sophomores leave our campus for the last time. However, they know that we wish them the best of success and happiness; they shall always be held close to our hearts and to the heart of their dear Alma Mater.

We give thanks to our president, Jo Sweet, and the splendid leadership she offered us, and to our sponsors, Dr. and Mrs. Poindexter, who were always there. Thanks to all of you marvelous people for making this year one of the most memorable for the class of '54.

J. Sweet, President; R. Grigg, Treasurer; J. King, Sergeant-at-arms; J. Tumison, Reporter; A. Hubbard, Secretary; N. Zirkle, Vice-President.

Freshman Class

President

GLORIA TAYLOR

Returning in the New Year, the students began preparing for the final exams. The last few hours were serious ones of concentrated study. One by one the crucial days passed, grades came out, and we realized that the exams weren't so bad, after all. Successful, we started the new semester with zest and zeal.

All through the year we had watched each class stage its big production—Class Night. Finally, when the time came for us to perform, there was much bustling activity—frantic script-committee meetings, tryouts, last-minute rehearsals, and then the big night. Hidden talent bloomed, and the show was "tops," when our class worked together to produce a successful Freshman Class Night.

This, the Freshman Class of 1955, has not always been the closely-knit organization that it is now. On a sixteenth of September, 1951, a group of eager girls, yet uncertain and timid, arrived on Madison's campus. After the pell-mell of the departure of parents, the job of unpacking, and the endless signing of cards, these girls began the more difficult job of settling down to a quite unaccustomed routine and adjusting to an equally unfamiliar environment.

The weeks that followed the bustle of the first few days were full of new things, new experiences, new faces. The beautiful campus, a never-ending source of admiration, became a maze of huge strange buildings to many a confused, lost soul. With the help of our "big sisters" the many rules and regulations were read and carefully learned from the freshman's "little helper," the *Handbook*. Then began the various and sundry teas, meetings, and extra activities that, besides the regular schedule of classes, filled the days that were hurrying by.

Never to be forgotten is the candlelight service of the Y.W.C.A. with everyone dressed in radiant white, repeating the pledge and, with tapers lit, ending in a unifying hymn.

In November we became officially a part of the Madison student body, when, in an impressive ceremony, we were pinned by upperclassmen with purple and gold ribbons—our colors.

Thanksgiving had come and gone before we knew it, and the short lapse of time between that vacation and the yuletide holidays was filled with the excitement of Christmas—presents, caroling, and those gay dorm parties.

Ever so quickly the months flew by as we completed our first year at Madison.

All the events and activities have been related, but nothing has been said thus far about the spirit that prevails here. From the first warm greetings to this very day, our upper-class sisters have helped us, encouraged us, spurred us on. Without them—their kindness, understanding, and friendship—we could not have succeeded as well. The feeling of being one family has permeated this entire campus, and from them, we have caught this wonderfully contagious spirit. Now we feel that we are a real part of Madison—our college.

ONE OF MADISON'S ELECTIVES

Administration

To Madison Students, Faculty, and Staff:

I am glad to have the opportunity extended by THE SCHOOLM'AM to address a few special remarks to the students, faculty, and staff of Madison College.

It has been a stimulating and challenging experience for me to have been associated during the past few years with the fine young people in the student body of Madison College. The cordial, friendly spirit of fellowship among the students, faculty, and administrative officers has long been recognized as one of Madison's greatest assets. I sincerely believe that this recognition is deserved. Also, I take a justifiable pride in the good citizenship record and the splendid co-operation which are characteristic of the students enrolled at Madison. As President of the College, I am grateful and appreciative for the type of leadership on our campus which is largely responsible for these conditions.

In this message I wish also to express my sincere appreciation for the loyal and outstanding leadership and co-operation of the Senior Class. As alumnae and alumni, I hope that you will look back upon your years here as pleasant and profitable experiences in prepar-

ing you for your future lifework. I also hope that you will maintain a strong and friendly interest in your Alma Mater and that you will continue to support Madison College in every way possible. Each member of the Class of 1952 has my heartiest congratulations and best wishes for future happiness and success.

It is my sincere hope that those of you who are enrolled in the junior, sophomore, and freshman classes will continue at Madison until graduation. To those of you who expect to return next year, I wish to say that I look forward to the opportunity of working and associating more closely with you as you assume greater obligations in carrying out your increasing responsibilities as students at Madison College.

In conclusion; I wish also to express my sincere appreciation for the co-operation and loyal support extended to me by the members of the staff and faculty of the College.

Sincerely yours,

G. TYLER MILLER, *President*

We Are The Deans

You have had four years of exposure to our personalities.

In our offices we compose soothing responses to bewildered students and to the public-at-large. However, we show signs of irritation if students are late in returning from holidays, or if the public-at-large is responsible for their missing classes.

We dart out of our buildings to committee meetings early in the morning and late at night. Some of us jump into our cars and appear in another part of the state before you get to your ten o'clock class.

We are immensely interested in what you have learned while here at Madison, but we are more interested in the kind of a person you become after you leave the campus. We, the deans, wish you luck!

MIDWINTER CONVOCATION

Organizations

Student Government

President
BETTY HINER

The Student Council began its year of varied activity by journeying to the college camp, where plans for the coming year were discussed and formulated. We returned to campus full of enthusiasm and ready for work. After the freshmen were settled in their new homes, *Handbook* classes were conducted to teach the why's and wherefore's of campus living. The Freshman Talent Show, which was held on the first Monday night, provided much entertainment as well as a means of becoming better acquainted with many of our new students.

On November 7, was the inspiring Old Girl-New Girl Ceremony, during which our president, Betty Hiner, explained the entire system of the Student Government Association. This was followed by the pinning of purple and gold ribbons on the freshmen, officially making them members of the student body.

A cabaret dance was given on November 10, sponsored jointly by the Student Government Association and the Social Committee. The Southernaires presided over the band stand in a setting consisting

of window drops with a coke bar from which refreshments were served.

Student Government is evident in every phase of college life, and each member of the student body is a vital part of its operation. Under the capable leadership of Betty Hiner and the Council, this year

has indeed been a most profitable and inspiring one for all.

Our sincere appreciation is extended to Mrs. Hope V. Miller, Miss Mary Louise Seeger, Miss Anne Hardesty, Mrs. Dorothy S. Garber, and Mr. Benjamin Partlow for their able advice and counsel.

The Honor Council

A direct descendant of the Student Government Association is the Honor System. Much younger than its long-established ancestor, this system was founded in 1945, because of the desire of students and faculty alike to foster high ideals of personal integrity and self-reliance on the campus of Madison College.

During the opening days of the session, our work became more vitally important with the arrival of each new student. Slowly but thoroughly introduced into the system, the class of '55 soon added invaluable support through the blending of their individual moral principles with those already established as a truly coveted heritage among the upperclassmen. President G. Tyler Miller greeted the returning sophomores, juniors, and seniors, and he discussed with them the responsibility and privilege of living under such a system. He emphasized its importance in preparation for our future lives as citizens in a democratic country.

The Council, which is a representative body of the students, was set up to supervise the execution of the Honor System, and during 1951-52, effected several constitutional changes, including the initiation of an Honor System into the summer session of the college. A study group was organized and spent many hours in perusing the constitution of other colleges and universities

in the Old Dominion. Indispensable to the Council this year in all of these undertakings have been the advice and guidance of Mrs. Mary Armentrout Jackson, Dr. Raymond C. Dingleline, and Mr. Percy H. Warren, who served so faithfully and willingly in the capacity of advisers.

Social Committee

"Just sugar, thank you."

"My, but these little sandwiches are good."

These are bits of conversation that could be overheard at the Major Organization's Tea one afternoon in early October. Amid the chatter, one could hear the tinkling of cups and the laughter of many young women. One could see among the guests some young ladies dressed in attractive formals, pouring the tea and passing trays of tiny sandwiches. Most of these girls were members of the Social Committee, which was responsible for the planning and carrying-out of the tea.

The main function of this committee on campus is the promotion of social activities. These activities include Opening Dance, May Day Dance, Senior Dance, and Garden Party. It

is composed of fifteen girls who must always be ready and willing to assume many varied duties. The adviser of this group is Mrs. Hope V. Miller, Dean of Women.

Chairman

MARY BETH KNOX

The one aim of this committee is to co-operate with the other organizations on campus and to help make each social affair a successful one. The greatest thrill for any of us is to hear someone say, "We had a wonderful time!"

PEGGY TURNER JOHNSON

Standards Committee

Can we cut campus? When do we wear jeans? What were those dance rules again? These are just a few of the many questions decided upon and regulated by Peggy Turner Johnson, chairman of Standards, and her committee members. Just as the name implies, this Committee has as its aim to promote the very highest standards of social conduct and appearance on our campus; and while its job is a never-ending one, it is carried out most efficiently at all times through the guidance and supervision of the members of the Committee.

During the school year, the varied activities given careful direction and helpful assistance by Standards include the President's Reception, the Freshman Tea, May Day Dance, and the

Graduation Dance.

The Committee has provided a section of the *Handbook* devoted to dance rules, dining hall etiquette, campus behavior, proper dress for different occasions, and assembly conduct. This section of recommended procedures to follow and helpful suggestions for all phases of campus living was printed for the con-

venience of every student so that good social conduct might permeate every activity in which she participates.

The duty as well as desire of every individual student is to contribute to the wholesome attitude and healthful spirit of living for which our campus is known. Standing by always as a reminder and counsellor will be the Standards Committee.

President
CHARLES WYNES

We have our own complete system of self-government administered through the Student Council, made up of the officers, and the Student Court, which is composed of representatives elected from each class. Any breach of college rules, traditions, and social etiquette, as well as problems or ideas which the men want to bring up, are handled through this organization.

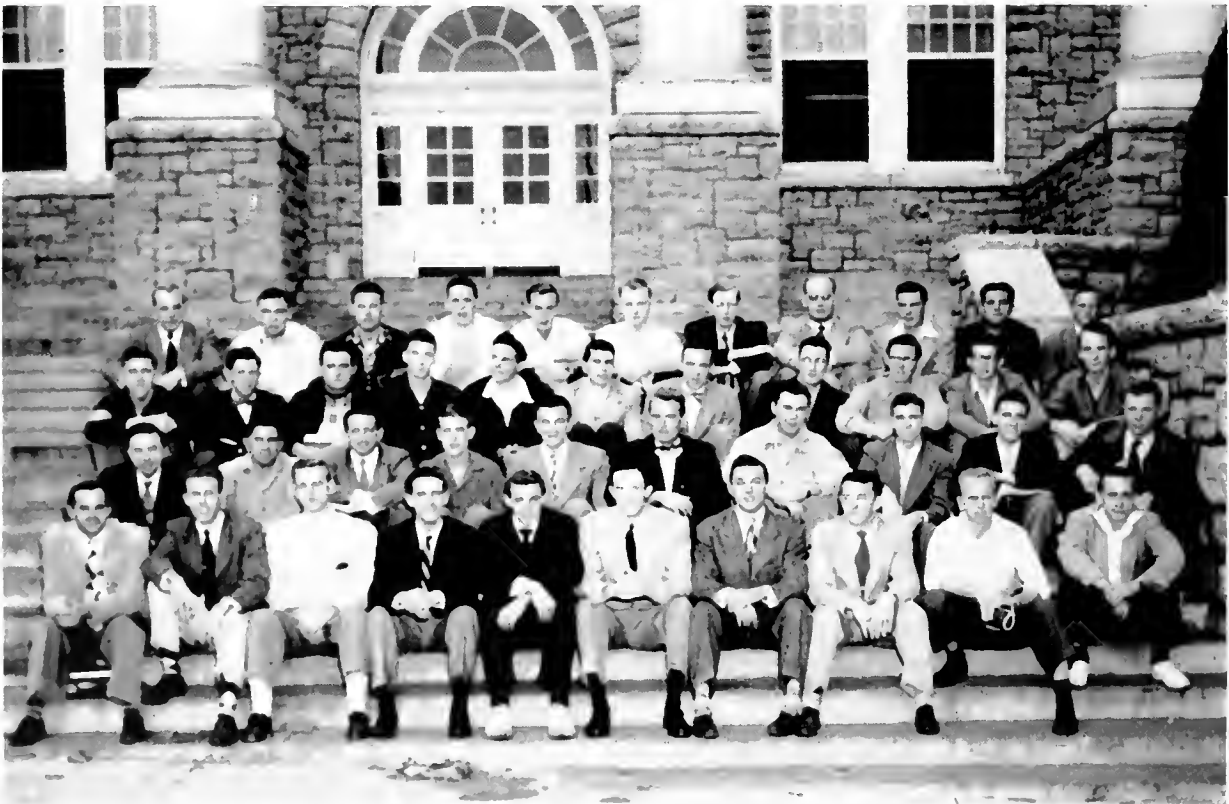

Men's Student Government Organization

We men have our own student government organization to help us, outnumbered as we are, to find our place in what appears to be a women's world. For purposes of student government, promotion of student-faculty relations, acting as an intermediary between the administration and the men students, and promoting the general goodwill and welfare of the college and student body, the Men's Student Government Organization is the most vital men's organization on campus.

Because of Selective Service, the recall of some reservists to the armed forces, and a flurry of enlistments, our number is cut to only a little over half of what it was a year ago.

A standing athletic committee has the full responsibility for all sports activities, such as basketball, baseball, and football, in which the men engage. To plan for all other activities, we have a standing activities committee.

At our traditional smoker this year we entertained ourselves and the men faculty members. Songs that could be heard across campus, smoke drifting up

The Breeze

Varied conversations are heard in *The Breeze* room any Thursday night—deadline night when *The Breeze* must be made ready to send to McClure Printing Company in Staunton. This is the night when *The Breeze* is made up in its final form and sent to the printer on a dummy sheet. It is the time when all editors and staffers nearly lose their minds, but it is also that time most loved by all having printer's ink in their blood!

Amid shouts and cries for copy, Homer Lynn Peters can be heard calling for a late story or trying to persuade a busy typist to rush over to *The Breeze* room for a short time. In another part of the room Bobbie Hurdle and Mary Hootman are racking their brains for new and different leads to stories. June Tunison and Nora Dillon sit tearing their hair while caking out headlines which will fit into that precious little space as well as catch the reader's eye. In another corner sits Barbara Vavrek, who is "sweating it out"! "Gotta fill that hole"—"gotta fill that hole" or on some occasions—"What can we take out? We'll all be shot if we don't get this article in!"

"Kak" Chauncey, editor, makes her headquarters at the editor's desk from which she may be heard saying:

"Get Hiner on the phone—we want *facts!*"

"Come on, kids, let's beat that deadline tonight."

Finish typing caption number one. How many holes to fill, Barbara? Homer, guess you'd better fix the envelope to McClure's before you go. Where *are* those cuts? If they are as late as 2 a.m. again, we'll have a paper with no pictures!"

Editor-in-chief
KAK CHAUNCEY

Later:
"Let's just *try* to make the deadline tonight."
10:15:
"Please hurry—maybe we can make it by 10:35."
10:35:
"Well, maybe we can finish by 11 o'clock—why can't those stories get in on time? How's it coming?"

11:45:

"Turn off that light, will you please? I'll get this one. Whew, another Thursday night gone! Let's keep our fingers crossed so that everything will go well at the printer's! We don't want another week such as the one when the cuts didn't arrive in Staunton until 12:55 p.m. on Friday; this kept the presses from rolling until 2 p.m. Poor "Doc" (head printer) was frantic, what with the paper's having to be off the presses and ready by 3 p.m. Having no cuts was not enough—the presses had to break down and then the folding machine became temperamental! But that is all in a day's work; the papers did come out—*The Breeze* met its deadline!"

You've just read the happenings of a typical night in *The Breeze* room. Now for other important facts.

Since December 2, 1922, *The Breeze* has attempted to accurately and effectively reflect student opinion at Madison. At the Associated Press Conference in Pittsburgh last fall, Homer Peters and Barbara Vavrek learned that *The Breeze* has a great deal more freedom of the press than most college newspapers. Any censuring of *The Breeze* comes directly from the editors and *not* from members of the administration. We are justly proud of this record.

A description of *The Breeze* would not be complete without mentioning Mr. Bob Riley, photographer, and, of course, Dr. Glenn Smith, our adviser. Besides giving helpful and understanding advice, Dr. Smith and Mrs. Smith provide us with "treats", outings, and home-cooked meals.

In April *Breeze* Day was celebrated bringing Pulitzer Prize winner and Editor of the *Richmond*

Mr. Dabney's presence was a fitting climax to a fruitful year of hard work and fun.

Picture-taking soon took first place on the headache list. Helen Watkins worked out a beautiful schedule, but no one wanted to follow it. Then there was the case of an unidentified girl in a group of fifty. We tore our hair for three days and finally decided she must have been a passer-by and cropped her out of the picture. Schoolma'am

Another year, another SCHOOLMA'AM! In case you are prone to take that last statement for granted, we want to remind you that it wasn't easy.

The whole story started back in the summer when Striker exploited all the originality she could muster to plan the 1952 SCHOOLMA'AM. Upon her arrival at school in September, wheels began to turn and summer plans became action.

Ann Thomas and Alice Ovrevik grabbed pencil and paper to create that wiry little creature you see running all over the book.

Next came the job of getting organizations to sign contracts. "Why don't they hand them in?" cried Nancy McMillan and Helen Dellinger. The staff suggested that the police department be called or bloodhounds be sent on their trail, but the method of simply tracking each one down in his room proved to be the most practical.

Jane Moulse is the brave girl who tackled the feature section and miraculously came up with a "different" one.

As usual, all sorts of write-ups were turned in, but Ann Painter, aided by Miss Hoffman and Hiwanna Cupp, managed to turn them into what we hope you will find interesting copy.

The gruesome job of Senior Statistics and Student Directory was thrust upon Jean McCormick. She threatened to give up a thousand times but finally finished the job with only one souvenir of gray hair.

The entire Class Editors' staff is prepared to compete in dominoes with any student on campus after the valuable experience they received from arranging the class pictures. Their diligent efforts should put them in a position to put any domino champion to shame.

Struggling to meet a sports deadline, when athletic contests had only begun, gave Jackie Brooks something to scream about. With the aid of some magic, which only Jackie could concoct, a sports section was born to end all sports sections.

On the other side of the fence but working constantly along side the editorial staff were Lorene Purcell and a few of those other unusual people who are gifted with "business sense."

Even after so many cries of "Oh, no!!" from Anna Belle Shuler, she managed to bear up under all those jobs a hard-hearted business manager could find for her to do.

Shoe leather wore thin for Emily Ragsdale and Jean Doughty as they and other faithful few walked

miles and hounded the businessmen for days to scrape together a few more dollars to make this yearbook possible.

Gloria Shaver should be able to give the world's champion typist a run for his money after all the "practice" she got typing copy. Then, too, she has stains of mimeograph ink that will probably remain permanently.

Five-dollar bills are awfully hard to get, but Jackie Gallup didn't know that until it became her job to extract them from the students and faculty members.

While you students were studying for exams, Purcell had her business staff pound typewriters in the SCHOOLMA'AM room. As a last resort, they even undertook the mimeographing of five-dollar bills!

From all this chaos, fun, and hard work emerged a yearbook. The rest of the staff is too numerous to mention here, but everyone—freshmen, sophomores, juniors, and seniors, did his bit to make a lot. Even Pall Malls and "cokes" played a part. We tried to give you a book with a "different look." Here's hoping you enjoy reading the 1952 SCHOOLMA'AM as much as we did putting it together.

If you have ever looked into the day-student rooms in Harrison Hall, you have found about forty girls making themselves perfectly at home.

Day Student chaos can be aptly compared with Jo Ney's store on a Saturday afternoon—piano being banged on, lockers being slammed, food being munched, bridge versus canasta, and some poor soul trying to study.

The Sesame Club is our organization. Its purpose is to draw its members into a closer relationship with the students, faculty, and activities of the college.

Among our activities this year, we had an initiation party, sponsored a Friday Chapel program, and presented the Harrisonburg High School Band in a

Y. W. C. A.

What does the YWCA mean to you? That is a question to which we Madison Campsonites can give many answers, but what the "Y" really means to each of us is something so personal that it is difficult to put into words. It was at such meaningful occasions as the Candlelight Service and the Christmas pageant or the services of Religious Emphasis Week that we experienced to a great degree this feeling of belonging to the "Y." Of course, not only does the organization stress spiritual values, but there are also the recreational and entertainment values which we derive from such events as the birthday parties, Hallowe'en, and the Kid parties, not to mention Singspiration every Saturday night. You see, the "Y" plays an important part in each student's life on our campus.

The YWCA at Madison has advanced much since its beginning,

until today it is a member of the National Student Council, the National Intercollegiate Christian Council, and the World Student Christian Federation.

On our campus each student is asked to become a member, while the YWCA Cabinet is made up of representatives from each of the classes. The Cabinet in turn is composed of four commissions which are Christian Faith and Heritage, Personal and Campus Affairs, World Relatedness, and Social Responsibility.

The Christian Faith and Heritage Commission takes care of our religious services such as Friday Chapel and Sunday Vespers. World Relatedness, as

the name indicates, deals with world service, conferences, and study groups. This Commission endeavors to work with the International Relations Club to a great extent. The Personal and Campus Commission takes in a large territory as this includes social activities, office work, art and publicity. Social Responsibility deals with community service such as the Kid Party at Christmas and other Community undertakings. A Cabinet Member is Chairman of each of these commissions, and other Cabinet Members have charge of activities under them.

and new students had of the "Y" was the first day they arrived, when the friendly girls in white greeted them. They began to feel that they belonged too, and this feeling was definitely evident at the Big Sister-Little Sister party. Then closely following this was the official initiation of all new members at the very impressive Candlelight Service. Activities then came in scores for the remainder of the year which meant

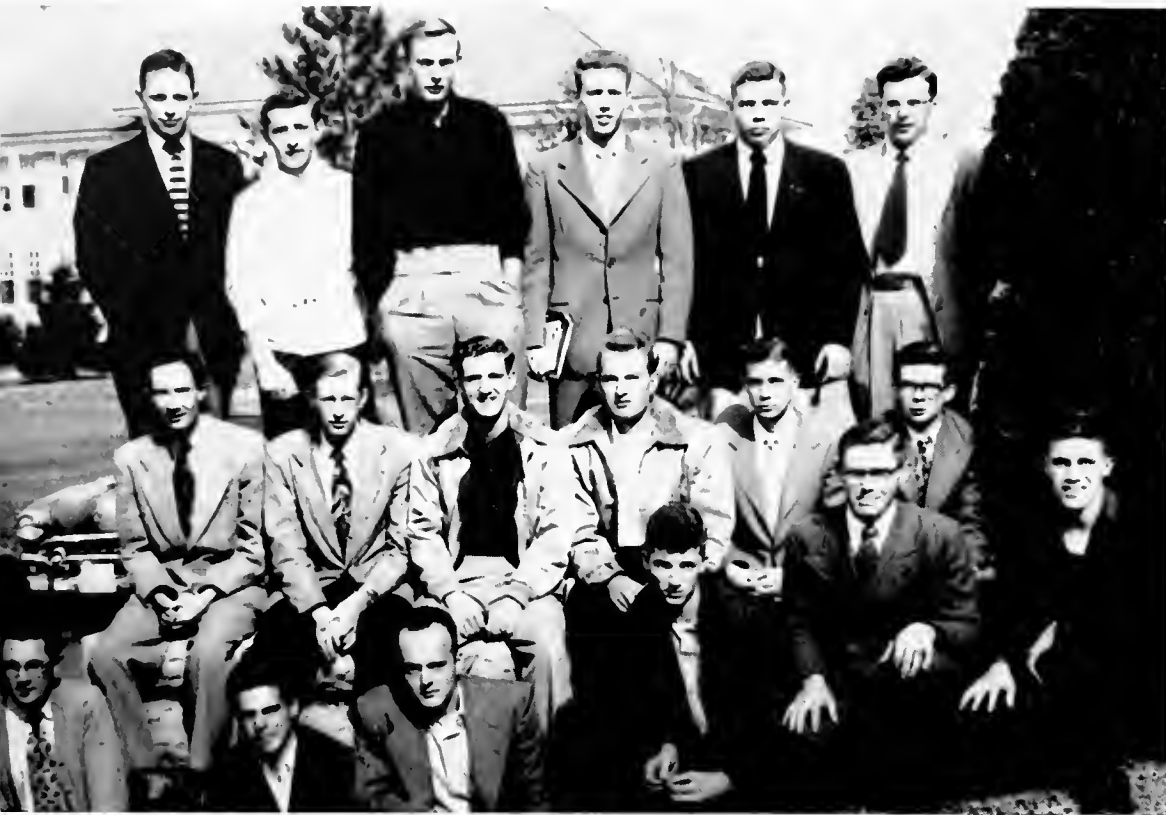

so much to each of us.

Yes, the "Y" was very important to all of us and will continue to merit our support. Without it much would be taken from life at Madison. The "Y" needed us and we needed the "Y", and through our common goals we continued to strive to give to each other that spirit of meaningfulness so vital to a resident at Madison.

Many activities have been undertaken by our club this year. For instance, one Sunday we gathered after dinner, piled into cars and went to Massanutten Caverns, where we entertained the members of the Washington and Lee Canterbury Club; and later on in the year we held a joint meeting with the University of Virginia. Another Sunday was spent at Blue Ridge School near Charlottesville.

One of the highlights of the year at our Sunday evening meetings was talks given by ministers of various faiths. This helped us to better understand other

This Episcopal organization offers to the students of Madison College a better understanding of the faith and practices of the Episcopal Church.

The week end before school opened, several of the Canterbury Club members met at the rectory to formulate plans for the coming year. We were ably assisted by our co-presidents, Jo Hobson and Art Keller, and our helpful minister, Mr. Ward McCabe, and his wife. Lynn, a new edition to the McCabe family, also added her voice to the discussions. At this meeting, after much hair-tearing and many discarded sheets of paper, we published the first edition of "The Canterbury Tales."

Each Sunday night we gathered for snack suppers and held discussions on Israel, Korea, and other countries and how we could help the people there. In addition to these informal gatherings we also held supper meetings on the second Wednesday of every month, at which time we discussed questions which confront us every day. The fellowship and fun of these supper meetings have added much to our life here on campus.

Our executive meetings have been filled with fun and humor while accomplishing work. Mrs. T. O. Brock, Jr., our capable and vivacious director, has helped us through every phase of our activities.

Wesley Foundation

The Wesley Foundation has had a very full and prosperous year under the direction of Mrs. H. K. Gibbons and the guidance of its president, Nancy Fravel. Dr. Landrum, the minister, welcomed each of us and has helped to make this year a very successful one.

The Wesley Foundation is an organization on campus which has a very large and varied field of activities. Some things which were included are programs, picnics, parties at Mrs. G's, games and supper every Sunday night, discussion groups, meeting with church mothers, and worship services with other schools.

We visited other campuses for State and National Methodist Students Movements, where we compared notes with students from all over the state, as well as had a gay and exciting time. From these conferences the Wesley Foundation here at Madison received many new and useful ideas.

The choir, under the direction of Mr. George Hicks, sang at Western State Hospital. This is a project which the group started last year and hopes to continue. Besides singing for the Wesley Foundation, the choir visited churches around Harrisonburg and Bridgewater.

Several conferences provided interest during the year. Our group was well represented at the state conference of Westminster Fellowships at Roslyn. Our own Margaret Boyer was elected president of this group. There were also conferences with other colleges, such as the University of Virginia, V. M. I.,

Westminster Fellowship

The Westminster Fellowship began its year with a retreat at Massanetta Springs before the opening of school. There we made plans for the year as we worked, worshipped, and played together.

As the college organization of Presbyterian students, the Westminster Fellowship plays an important part in the lives of its members. Not only does the W. S. F. add to the spiritual side of life, but also to the social life of the students.

Each Sunday morning Sam Shrum teaches the Sunday School class, and on Sunday nights we have supper, recreation, and worship in addition to the regular church service.

Among our projects is a little underprivileged boy, Johnny, and his brothers. We have saved our pennies to buy his milk, and at Christmas we prepared special gifts for the little boys. Also at Christmas we had a most enjoyable time caroling, after which the group went to the Edwards' home for refreshments.

This group has always maintained a record of high standing in the college choral auditions which are sponsored by The Virginia Federation of Music Clubs. At Madison we presented a festival of Christmas music with the Glee Club of Virginia Military Institute and a second program of yuletide music assisted and accompanied by the harpist, Artiss de Volt, of Boston, Massachusetts. This club strives to promote better music and musical appreciation on the campus. It maintains a standard of high scholarship, good conduct, and full co-operation on the part of each member. Through our organization are formed many and lasting friendships. The activities also provide much fun and entertainment.

Cotillion Club

The Bluestone Cotillion Club started off the school year of 1951-52 with the goating and initiation of twenty-four new members during the first week of November. During the year we co-sponsored the informal Saturday night dances with the German Club. As our contribution to these dances, we bought five new records and started a small publicity campaign to create interest among the students and faculty.

February 23 was the date of our big formal. Reed gym was gaily decorated and we all had a really big time as the figure promenaded to the tune of "Moonlight and Roses."

Our thanks to our sponsors, Dr. and Mrs. Glenn C. Smith and Mrs. Hope V. Miller, who have been of tremendous help to us in all of our undertakings.

"The Colonial Ball" was the theme of the German Club Dance, Saturday evening, March 22. It was a truly beautiful sight with our president, Jo Hobson, leading the figure to the strains of music offered by the Aristocrats. The decorations were tops and left one feeling as if we had really been in the grand ole Dixieland 'way back in the eighteenth century. Just before the dance, the seniors and their dates were entertained by a banquet.

In the fall, the German Club entertained the Cotillions at a bridge-social in Logan recreation room. Such fun!

Then in the spring, everyone decked out for the annual picnic. Singing, eating, and games were the highlights of the day.

Many new members were initiated this year.

Kappa Delta Pi

Tramp! Tramp! Tramp! Just one more step! Whew! we made it—all the way to the fourth floor of Wilson for one of our twice-a-month Kappa Delta Pi meetings. There in our meetings we endeavored to carry out the purpose of our organization—to encourage high professional, intellectual, and personal standards and to recognize outstanding contributions to education.

"Broadening Our Cultural Horizons" was the theme for the year's programs. The highlight of the cultural programs was an assembly lecture by Dr. T. M. Stinnett, the Executive Secretary to the National Commission on Teacher Education and Professional Standards of the National Education Association, who was presented during American Education Week. Another program which we especially enjoyed was seeing Miss Ulrich's movies of her tour through Europe.

On December 6, the Kadelphians, in co-operation with Sigma Phi Lambda, another honor society on campus, gave a tea for the freshmen who had been members of honor societies in high school.

Two delegates and our counsellor, Mr. Eagle, brought back glowing reports from the National Convocation. Convocation was in session on March 5, 6, and 7 at Michigan State College in East Lansing, Michigan.

During the year we sponsored a "singspiration" program one Saturday night and a Friday chapel

program. We sent out a big issue of the "Kadelphian News" to our Alumnae members in the spring.

One of the social highlights of the year was a picnic on the Skyline Drive in October honoring members of the recently installed chapter of the University of Virginia. After a weiner roast, we sat around the campfire and listened to an account of the

experiences of Dr. Douglas Ward as a teacher in the schools of Ecuador and Guatemala.

In the fall and again in the spring, we voted new members into the society. Members were chosen from the junior and senior classes on the basis of their scholastic achievements, demonstrated or potential leadership qualities, and interest in education.

We turned out in full force for our annual banquet in the spring, and we were very glad to have some of our Alumnae members back with us for the big occasion.

Under the leadership of Kitty Cover as president and Mr. Eagle and Miss Grove as advisers, we feel

We'll remember for a long time the presentation of "Why the Chimes Rang" for Christmas chapel (What a scramble we had for costumes!) and the charming evenings spent at Dr. Woelfel's home. Sigma Phi Lambda

Our organization has grown up this year. No longer is membership open only to freshmen and sophomores; we claim some of the upperclassmen as members, too. We are still only a local organization, but we hope that our dream of becoming affiliated with a national scholastic honor society will soon come true.

Our "welcome freshmen" tea was different this year. Jointly with Kappa Delta Pi, we entertained the freshmen in December.

The party we gave at the orphanage was almost as big an event for us as it was for the children. We had fun in creating fun for them.

On "our day" we took in those new members who were eligible. Our assembly speaker, Miss Emilie Jacobson, chose "Shaw and Shakespeare" as her topic.

As has been one of our customs for years, we again supported the Logan Memorial Shelf in the library and awarded a twenty-five dollar scholarship to a worthy member.

Jackie Brooks, our capable president, was at the helm for her second term; and Dr. Richardson, our new sponsor, gave us helpful advice throughout the year.

The Council in Session

Chairman,
FRANCES MOSELY

Panhellenic

Every Tuesday at 4:30 p.m. a careful observer might see a number of girls with little black notebooks hurrying toward one of the sorority houses or "Aunt Bernice's". They are on their way to their regular meeting of the Panhellenic Council.

The Council is the medium through which the sororities on campus unite to promote their common interests and solve mutual problems. Its function is administrative as well as advisory. Each of our sororities is represented by its president and one member from each class. Mrs. Varner, known to the council as "Aunt Bernice" serves as a most capable adviser. She can always be counted on for a friendly prod when we tend to become lax or a word of caution if we threaten to act hastily.

Whenever a national officer of any sorority is visiting on campus, we hold a special meeting for her to discuss sorority activities on a national scale and receive tips on how to increase its effectiveness locally.

This year has been a full and successful one for the Council members. Just as soon as everyone was back at school we found ourselves deep in plans for the fall rush period. Formal Rushing began with the Panhellenic tea to honor the rushees. All "Greeks" on the faculty as well as members of Delta Kappa, the campus fraternity, were also invited. The receiving line was composed of the chairman of Panhellenic, chairman-elect, adviser, and the six sorority presidents. The sorority advisers and Council members served as hostesses. Then on October 27 came the climax of two glorious and exciting weeks of open house and parties when each rushee received her bid and made that long trek from the Panhellenic Room on the fourth floor of Wilson to the house of her choice.

On November 1 all Greeks gathered in Wilson Auditorium for the first open meeting of Panhellenic. The annual Scholarship Cup Award was made to Tri-Sigma for having the highest scholastic average for

the preceding year. Having come out on top two consecutive years, they retain permanent possession of the cup. The speakers for the evening were Dr. Latimer and Miss Ulrich who recounted the highlights of their recent tours in Europe. Before adjourning, each sorority sang one of its songs for the group.

Last fall five of the sororities on campus, which were formerly a part of the Association of Educational Sororities became full-fledged members of the National Panhellenic Congress, having completed a probationary period. Zeta Tau Alpha was already a part of the N. P. C. when founded locally.

The Panhellenic Dance, our really big project for the year, was December 8. That afternoon each house held coffee hour to entertain its guests for the occasion. That night months of plans, worry, and work were manifested in the glory of this "Winter Wonderland." It was quite some transformation with the ballroom ceiling, and lighted columns, and frozen pond at one end of the gym. Dick Levin, with his ten-piece orchestra and vocalist, included in his repertoire a request song for each sorority.

For the figure the Council wore white and carried white muffs covered with gardenias and red roses. Led by Fran Mosely and her escort, we formed a candle, "PS" and "52".

As always we sent out a Christmas basket overflowing with "goodies" to make the holiday more nearly complete for some less fortunate family in the area. Santa Claus came in a big way to us in the form of a much needed filing cabinet from Mrs. Varner.

In the spring something new was added to informal rushing by allowing the sororities to hold open house for rushees. This was a big compensation to the spring rushees for missing a formal rushing period.

The major spring project was revising and re-

"Winterland Wonderland"

Council

printing the Panhellenic Handbook which is issued every fall. The last social event of the year was the annual banquet. The toast by the chairman-elect to

the seniors brought a tear to many an eye as we looked back on the fraternal ties and friendships won during three big years of Panhellenic.

RUSHING CHAOS

Alpha Sigma Alpha

Under the careful protection of the Panhellenic Council, Beta Epsilon Chapter has experienced a happy and fun-filled year in ASA-land with Alpha Sigma Alpha's beloved Bluebird of Happiness spreading excitement and wonder in every phase of our life. One of the high lights long to be remembered was the eventful journey through the forest and over the seven hills to the humble home of Snow White and the Seven Dwarfs at the rush party on October 23. Even the dreadful, conniving, old witch and the most unhappy of all the dwarfs, Grumpy, could not dampen the spirits of that jovial group.

November 15 began the Golden Anniversary

President
MANCHA HOLLAND

Celebration of Alpha Sigma Alpha to be climaxed when its National Convention meets at Hotel Roanoke in August. During our Founder's Day banquet at "The Gables" we received an inspiring and heart-warming message which served as a guiding and binding force for the sisterhood throughout the year.

Many other memorable moments found their way to Carter House, which was home indeed, made secure with the loving and motherly thoughtfulness of Mrs. Adele Blackwell. Among these fond recollections were the many Saturday nights of bridge playing, all the Christmas holiday fun coming to a glorious end with the gala party by the pledges, fudge-making in the kitchen, and a social evening at the movie, as well as the daily mad scramble for the phonograph. "Winter Wonderland," the Panhellenic Dance at Christmastide, furnished any number of coveted favors for the scrap book of many an Alpha Sig. Then, as the Christmas spirit became more and more pervading, every ASA played Santa Claus as we gave gifts to the City Home. Old Santa's eye could never have had a merrier twinkle than ours.

As the little Bluebird was bidding farewell to another year gone by, we paused to pay tribute to our adviser, Miss Louise Boje, who, with love and inspiration, had given so freely of her time in loyal guidance; and to our president, Mancha Holland, for such untiring and competent leadership. In the golden chain of memories, this year of 1951-52 will indeed be a cherished link.

Our A S T Carnival

Our old Greek lodge

Alpha Sigma Tau

For the Alpha Sigma Taus of Lincoln House, this year will rank tops in the annals of their college and sorority life. We felt very fortunate in having with us, as we started things rolling, our "Mama" Matthews. Not only did she provide occasional boosters in the form of coffee and waffles, but she also led us on in our highly successful "House Beautiful" project.

We really went all out for that project, getting wonderful experience in interior decorating as we gave our living room and kitchen a "face-lifting." We still have yellow paint on various and sundry articles of clothing to remind us of the day we painted the kitchen.

Early in October, Psi Chapter was hostess to a regional meeting of delegates from thirty-five states, and really enjoyed getting acquainted with representa-

tives from other chapters in a week end of meetings, food, and fun.

Right on the heels of the convention came "rushing" with the traditional Carnival Rush Party. Sawdust and tent flaps led the way inside, where there was a truly carnival air, with a big fat clown, a barker, a concession booth, games, and lots of food. There was ample reward for all the hard work on the day of final bidding when we welcomed with open arms and tears a wonderful group of pledges. Also we were happy to have many of our alumnae sisters back to share in this happy time.

The Founders' Day banquet at "The Gables" in Elkton was a grand occasion. Amid good food galore we enjoyed fellowship together, turning to more serious thoughts toward the close as we sang sorority songs together in the candlelight.

In December came the ever-wonderful Panhellenic Dance, with a setting all aglow in a winter wonderland. We were quite proud and misty-eyed as we watched the figure led by our own Fran Moseley, the chairman of the Panhellenic Council.

With spring came again the hub-bub of rushing, and we enlarged our fold with more grand sisters. Then, of course, the annual picnic in May always affords a gay outing. This year was even better than usual with a few more aching muscles also. Gay spirits could not be subdued in spite of fatigue.

Alpha Sigma Tau has its serious side as well as its social side. Its purpose is to promote the ethical, social, and cultural development of its members. "Doc" Latimer and Miss Frank have guided us through our eleventh year on Madison Campus with great zeal and untiring efforts for the betterment of our group. Under the competent and ever-patient efforts of our president, Emily Scott, this has been a year of high achievements.

Rush Party

Week end at camp

Pi Kappa Sigma

Those who entered Shenandoah in the fall took the chance of being splashed with paint, forced to help move furniture, or asked to hem drapes. The Pi Kaps returned in the fall with renewed enthusiasm and plunged head first into the job of fixing up their house. To further this project they gave the house a shower.

Saturday nights were gala occasions with Sue Rathbone holding forth at the piano and numerous ukuleles appearing as if by magic. Parties were given at the slightest provocation—for little sisters, for the seniors after capping, on birthdays, and even un-birthdays!

With all this activity, Janet Shelor, president, led the Pi Kaps triumphantly through their twelfth year at Madison. Alpha Omicron Chapter was the twenty-

third to be established, the second in the state of Virginia. Pi Kappa Sigma, founded November 17, 1894, is the first of the National Educational Sororities which have since become members of the National Panhellenic Congress.

Miss Elizabeth Patterson, adviser and better known as "Miss Pat," reigned as sultan over the traditional Arabian Nights rush party in October. After fall rushing, the sorority took eleven pledges.

In November pledges and members celebrated Founders' Day with a banquet at Ingleside. Eating, speaking, and singing made it a memorable occasion. There was another reason for celebration the same week—Pi Kap's own Anne Colonna was elected Miss Madison!

Shortly before Christmas, the new members, led by their pledge officers, Aileen "Dickie" Dickerson and Anne "Corky" Corber, entertained for their sisters.

The Shenandoah girls invited their next-door neighbors to a Christmas caroling party, which terminated in the Pi Kap kitchen with hot chocolate for all.

Second semester brought spring and another pledge class. With the spring came a week end at the college camp, practically a Pi Kap tradition. Sunday night suppers were served at Shenandoah throughout the year, providing many opportunities to get together informally.

It isn't spring without graduation, and the juniors and sophomores bade farewell to the graduates with senior gifts and a breakfast for seniors and new officers. Another Pi Kap year drew to a close as the seniors sang "All Hail" to the juniors and sophomores, and the group sang the "Pi Kappa Sigma Toast Song:"

"When college days are over,
Our paths lie different ways;
Still memories are golden
Of dear old Pi Kap days."

We rushed in a Dutch Garden

After-hours session

Sigma Sigma Sigma

School days, school days complete with wonderful Sigma memories! Friday night suppers, dorm devotions around the fireplace, and coke parties after meetings took up many moments at Sprinkle House after we returned in September. Our Dutch rush party was a big success. "Wood shoe" or "Wooden Shoe"? The answer was "Yes" from twenty-five wonderful new sisters.

We experienced our serious moments too. As our social service project we sent CARE packages to our French boy, Jean, the food baskets to local needy families, children's books to the Endicott School, Endicott, Virginia, and gave an Easter Egg Hunt for the children at City Home. Tri Sigma also conducted the T. B. seal drive on campus, which is our annual project here at Madison.

President

BEVERLY BROOKS

Studies weren't forgotten, as is evidenced by the beautiful Panhellenic Scholarship cup which adorns our living room. Winning it for the second consecutive year made it ours to keep.

Bev Brooks, our president, and the other officers certainly left no doubts as to their capabilities in the minds of the girls in purple and white.

Joyce Bowie and Bev returned from the celebration of the 175th anniversary of the founding of Phi Beta Kappa in Williamsburg, Virginia, with glowing accounts of our national officers whom they met there. In November also Tri Sigma became a full-fledged member of the National Panhellenic Conference. Janet Mayer was our national inspector, and we enjoyed her vivacious personality and helpful suggestions.

We were very proud when we were presented with our first pieces of silver by the pledges as their gift to the sorority.

At Christmas our pledges gave us a grand party complete with Santa Claus, alias Johnnie Thompson, coming down the chimney. Oh what fun we had under that beautiful silver tree complete with all purple decorations.

Homecoming brought many reunions and Sprinkle House overflowed with happy sisters. One of our most memorable moments was our Founders' Day banquet in April. We are so proud to be fifty-four wonderful years old!

Deep in our hearts we shall always hold a special place for Barca, Mama Ding, and Miss Hudson for their helpful and loving guidance. Sigma violets to them from all of us.

Before we knew it, graduation was here. We shall leave behind many sisters but though we are gone, we will ever remember our Tri Sigma days of fun, friendship, and loving sisterhood. Indeed, this year will never be forgotten by Alpha Upsilon!

In an off-moment

Fall rushing

Theta Sigma Upsilon

Messick House has been the scene of much merrymaking all year. This merriment was most often centered around its cozy blue kitchen with its compelling warmth and cheerfulness. Miss Ulrich, who doubles as adviser and housemother, always seems to be the ringleader when the time comes for fun, . . . and with every Theta joining in, what surprise dishes they can cook up! We love those parties, bridge games, and banquets.

The fall rush party was a tremendous success as both members and rushees became "globetrotters"

while visiting three festive rooms. The first lap of the tour was spent climbing among the White Alps of Switzerland, after which we made a swift trip to Old Mexico where we lingered awhile in a daring, exotic café. Finally, we wound up our journey being entertained by cannibals deep in the wilds of the Belgian Congo.

The two high spots of the year's activities came, amid laughter and tears, on those Saturday afternoons at the end of each rush season. Under a huge Theta banner we eagerly welcomed our new sisters who have proved themselves true Thetas.

We have experienced a happy, active year under the capable leadership of Eva Jo Liskey. The sorority's social and business projects have been carried out with enthusiasm equal to that received by any party. All of us Thetas deeply appreciate the friendly and invaluable help of our faithful advisers, "Doc" Woelfel and Miss Ulrich.

The story of the founding of Theta Sigma Upsilon is one of determination, courage, and hard fighting. It began as a literary society at Kansas State Teachers College, Emporia, Kansas. Known as the Sigma Literary Society, its members leased a house in the summer of 1919 and were recognized as a local sorority. From that beginning, they established themselves as a national educational sorority, under the name of Theta Sigma Upsilon. Their goal was to form a sisterhood that would have for its five-fold aim the physical, the intellectual, the social, the ethical, and the spiritual development of its members.

Zeta Tau Alpha

Alumnae Hall is known as home to every Madison Zeta. Working towards the high ideals for which Zeta Tau Alpha stands, those of Gamma Kappa Chapter have lived like true Zetas during this past year, growing closer day by day. As they shared many confidences, the joys and sorrows of one became the joys and sorrows of all.

The most cherished memories of this year include those of the rushing season, The canasta, bridge, singing, talking, and good times with the rushees at

those open-house sessions in Alumnae Hall's spacious reception room and the chapter room will not be forgotten. Then came the long-to-be-remembered French rush party followed by the big day when they welcomed their new girls to the strains of "Turquoise and Gray" and "Gee, We're Glad You're Zetas."

There were always parties on special occasions and often after Monday night meetings. The Christmas party will be remembered as one of the extra special ones. Jean Douglas proved herself to be a most capable social chairman with her beautiful and unique arrangement of the decorations.

At Christmas the Zetas co-operated with the local Welfare Department by playing Santa Claus to a needy family. They all contributed clothing, food, toys, candy, and necessities for a merry Christmas in order to make this "adoption" a success. However, their charity was not confined at home. For their spring project the group co-operated with the National Society for Crippled Children and Adults by sponsoring the annual drive on campus for Aid to Crippled Children.

After all these wonderful times together, they are reluctant to accept the fact that the last of their charter pledges will graduate and swell the roll of Zeta Alumnae. Under the capable leadership of Margaret Groseclose, as president, and the other officers, and with the help and guidance of Miss Glada B. Walker and Miss Grace Herr, Zeta has had a big year. And as they have thrived and become more closely knit, they are looking forward to even greater things next year.

Delta Kappa

In April of 1951 the Sigma Delta Rho Fraternity was installed as the Delta Rho Chapter of Delta Kappa Fraternity.

Government service called one of our sponsors, Mr. Clem Grabner. To fill this vacancy we selected Mr. Boeskey to help Mr. Saunders keep an eye on our activities.

This past fall we added fifteen men to our group. The initiation rites left a real impression on the pledges, especially the goat's efforts to welcome his new keepers. The new members left for home fortified by a full spaghetti dinner. What pleasant dreams they must have had with the scent of goat and garlic lingering in their subconscious.

With the aid of some sorority friends we prepared a float for the Harrisonburg Christmas Parade. The theme was "Peace Through Education." We won

fourth prize, and most vehemently refute the malicious rumor that there were only four prizes.

Debates, forums, and even symposiums on such subjects as "Men in Education," "Girls," "What Can We Contribute to Madison," "Short Girls," "Why We Need a Frat House," and "Tall Girls" take up our meeting time.

Art Club

A big splash of paint here and a daub there—
"Art for Art's Sake"—that's our motto.

The year has been one continual whirl for the Art Club. We began early in the fall picking up the loose threads of our mural project carried over from last year. The subject of our mural was "The Legend of General Spotswood and the Golden Horseshoe." It was installed in Spotswood Recreation Room. We worked faithfully on it, spending several hours each week, and were fortunate enough to complete it before the year was out. Miss Glada B. Walker proved to be a most helpful and inspiring sponsor for this long project.

Another thing we did was to enlarge our membership considerably by dispensing with tryouts as the sole means of gaining membership.

A highlight of the year for us was the sponsoring of the Miss Madison contest. Though we have been doing this since 1947, this year's election was particularly exciting. You will remember Anne Colonna as our chosen one.

We were thrilled with the job we did decorating Santa Claus's float for the pre-Christmas parade in Harrisonburg. We accepted the invitation of the Retail Merchants Association in November and completed the huge order in approximately two and one-half weeks. The design used was originated by Rose Abbott and Ann McClure. Again Miss Walker's assistance was very valuable.

During the year we completed other projects—sponsoring an assembly program, assisting various committees with decorations, and decorating for the Homecoming dance.

It has been a great year, and we feel we have lived up to the purposes of the Art Club and the expectations of Katherine Roller, who began our club in 1928.

Our contribution to the Christmas Parade

A. C. E.

Who but the elementary majors would be the contributors to the Association of Childhood Education, since our main interests lie with the child? Through movies, speakers, our special day when we presented an assembly speaker, panel discussions, fun at college camp, and our gay picnic in the spring, the club filled a need for all of us. Who can say that we didn't display the childhood characteristics that are such a vital part of our knowledge?

Miss Anthony and Miss Seeger were always available and helpful when we needed them.

Ex Libris Club

You probably know about us through our teas and have heard of our meeting outstanding library persons in the state. The Ex Libris Club, now in its fourth year, has as its purpose the bringing together of library science students and library assistants, together with our sponsor, Miss Cundiff. The Christmas party and spring picnic are very special occasions for all of us.

We are an organization of business students who go beyond the classroom and have opportunities for contacts and knowledge not otherwise found on cam-

pus. Members work together, play together, and learn together; it's fun and it's interesting.

The year got off to a big start with a picnic back campus. Old members, new members, and faculty members sang, played games, and consumed so much food that the trek back up the hill to campus was a major operation.

We enjoyed a variety of interesting programs throughout the year. In December, Mr. Lancaster, personal director of Merck and Company, talked to us about personnel management. Our Business Club Day was in January, and Mr. Clem Johnson, our assembly speaker, answered questions at the end of a very interesting address. In February we took a trip to the radio station; the March program was a skit; in April we had our annual fashion show, sponsored by Joseph Ney's; and the year was climaxed with our banquet in May, at which Mr. Bungard, a representative of Remington-Rand, spoke.

The Business Club helps to form a business major's campus life. Julia Carter, our president, and Miss Brady, our adviser, have led us through this busy year.

Curie Science Club

Curie began its 1952 year with the formal initiation of new members into the club in November. The initiation was climaxed by a social which helped to achieve one of Curie's main objectives—that of promoting fellowship among students who have scientific interests.

At our regular meetings, we found ourselves discussing such topics as population growth among paramecium, (Believe it or not, we enjoyed it.) or the relation of Newton's Laws to almost every phase of living from a canoe ride to the production and effects of atomic energy. Our discussion topics rotate among the fields of science represented by the club membership, which claims interest in the fields of biology, chemistry, mathematics, physics, and psychology. Films, slides, and other scientific equipment from these departments are available for demonstrations. The purpose of these programs is to provoke individual research.

In keeping with tradition, some of our members attended the Academy of Science convention and various other conventions which offer a chance to broaden our interests and keep in step with what other scientists are doing. Another custom of Curie is to sponsor an assembly program featuring a noteworthy scientific figure. With the friendly assistance of Mr. Boeskey and Dr. Cool, our sponsors, we managed to keep our programs for the year on a lively, thought-provoking plane.

If you have smelled tantalizing odors in Maury...or joined in bull sessions on problems in courtship and marriage...or cast envious eyes at those good-looking clothes made in Maury 12...or counted your calories...or pushed a cherub in a stroller across campus...THEN you have seen real evidence of home economics at work.

The Frances Sale Club, under the leadership of Patricia Botkin and with Miss Hardesty and Miss

Patterson as advisers, is composed of girls majoring in home economics. The main purposes of the club are to further interests in homemaking and to obtain a stronger spirit of friendship and co-operation among the girls in all fields of home economics.

One of the many activities that we sponsored was a fashion show in which the girls modeled clothes made from patterns of a commercial pattern company. Later in the fall we gave a bluejean supper to welcome freshmen and transfers. A lot of good food was consumed, and Nan Rennie kept the party alive by leading the group in folk dances and games. Delicious refreshments concluded a successful evening.

Our group was well represented at the Province 11 Regional Workshop held in October. Patricia Botkin, Mildred Butler, and Mary Lou Criss gave glowing reports from the convention and brought lots of new ideas for more activities. Frances Sale Day was celebrated in February with a chapel program and initiation of new members. We journeyed in March to Richmond to attend the Virginia Home Economics Association and saw our own Mrs. Varner installed as the new president.

Frances Sale Club gives all the girls a chance to work and play together and a chance to share their ideas and ambitions with one another. By doing this we are advancing toward our ultimate goal—ever improving the American home.

International Relations Club

"Has the UN accomplished anything?"

"If it has, I'd like to hear about it."

"Well, look at the Palestine question."

The argument is on; and some of the members of I. R. C., the International Relations Club to those of you who don't know, are sure to be in on it. Being a group especially interested in world affairs, this and other such questions often arise. In an effort to answer them we have speakers, movies, and discussions. Of course, sometimes our speakers don't show up, and other times we are guilty of the offense, but that is certainly the exception and not the rule.

We are very conference-minded here at Madison, and in March we sent representatives to the Regional I. R. C. Conference at V. M. I. and to the State Conference at Mary Washington College. We are very proud of one of our members, Charles Wynes, who this year was president of the Virginia Organization of International Relations Clubs.

Some of our members, after lengthy sessions with reference material, presented forums to groups off

Besides having the assembly speaker on I. R. C. Day, we sponsored the Crusade for Freedom Drive on campus in the fall.

All in all, under the leadership of Harry Jeavons, president, and our sponsors, the social science faculty, we in I. R. C. have enjoyed a good year.

Lights curtain, action! No, this isn't a movie production—it's the real thing! There is a tense moment backstage as the Stratford members await the outcome of months of hard work. But there's been lots of fun. Last-minute application of grease paint and powder, adjustments to lighting, props, and costumes, and, of course, words of encouragement to

Stratford Players

the players, and the production is ready for the student body, faculty, and townspeople.

Under the able guidance of our director, Dr. Mary E. Latimer, and the leadership of Jeanette Mills, president, we, the members of Stratford Players presented "Night Must Fall" by Emyln Williams and "Blythe Spirit" by Noel Coward as our two major productions. A group of one-act plays was presented for Homecoming week end.

"Night Must Fall," a three-act melodrama, brought roars of laughter, and tenseness of feeling with such lines as Dora's outcry, "The very idea—me stealing! Leastways, I do go to Sunday School!" and Dan's, "Mighty like a rose," and Mrs. Bramson's "I've got the jitters, I've got the jitters! I'VE GOT THE JITTERS!"

The three-act farce "Blythe Spirit," will be remembered for Madame Arcati's "I can't go into a trance at a moment's notice—it takes hours of preparation," and Ruth's thinking Charles "mentally off"

We strive to stimulate among our members an interest in dramatics through actual participation in dramatic productions and by bringing the student body into a fuller appreciation of drama.

"If A, then B; if not A, then not B," was heard as Alice Coon explained to us the principles of Boolean algebra. Interesting? Very much so — particularly to those of us who are concerned with mathematics. Of course, Dr. Ikenberry, our sponsor, has to do a lot of explaining for us at times. All in all, we have much fun discussing many interesting problems; and we cannot forget our Christmas party and our visit with the Ikenberrys, which made the Math Club even more fun.

Athletic Association

If you happen to walk by Reed 8 every other Tuesday night at 6:45, you will probably see one of the busiest groups on campus. This group is better known as the "A. A. Council," which plans, supervises, and controls all athletics in which our women students participate. It's easy to see that they would be busy, for their plans include the most popular team sports as well as many individual ones, and they make provisions for activities for all women students, who are automatically members of the Athletic Association.

In order to provide sports to suit the recreational needs of all students, the presidents of Mercury, Modern Dance, Porpoise, and Archery Clubs, and the sports leaders of intramural hockey, bowling, basketball, volleyball, swimming, table tennis, badminton, golf, tennis, and softball, and one representative from each class are members of the council.

It's said that the early bird gets the worm (or the interest of the student—so to speak), and the Athletic Association certainly gets the chance. Each fall the famous "Chuck Wagon" picnic is given for all freshmen and transfers. Between eating fried chicken, singing, and playing games new students find out about the "A. A." and its activities.

In the spring the traditional May Day brings a climax to the Athletic Association's activities for the

year. The script, dances, costumes, selection of the queen, and all the other little odds and ends necessary for this festive occasion are taken care of by the "A. A." It is always a highlight of the campus activities and one to which everyone looks forward.

Using its principle of teamwork and the advisership of Miss Celeste Ulrich, the Council itself worked as a team and had one of its most successful years.

Mercury Club

Mercury was the messenger of the gods and was noted for his swiftness. For this reason the name of the organization for all physical education majors and minors is most suitable. We girls are always known by the way we rush around campus and get so much done. The Mercury Club gives us an opportunity to slow down a little while for fun and fellowship as well as promote a better professional attitude among ourselves. It also gives us a chance to put to practical use our training in physical education through social and recreational programs.

However, it's not all frolic in the club, for during the year we sponsored an assembly speaker, an underprivileged family, and speakers on various phases of physical education.

Basketball

With the stamping of rushing feet on the gym floor and the sharp blast of the official's whistle, those of you passing by knew that basketball season was well under way.

Many prospective Duchesses turned out for the team. The list posted each day by the coach was watched carefully by all of us to see if our names were on the list till the final list was posted and the team for the '52 season had been selected.

It seems as though the platoon system isn't limited to football, for Miss Ulrich's platoons could be seen working in the games against Bridgewater, Westhampton, Longwood, Sweetbriar, and, last but not least, the Alumnae.

The highlight of the season was probably the Alumnae game. The present-day Duchesses gave those of "by-gone years" (ahem!) a rather sound defeat. The game was a riot, especially when Nancy

Birch lost her glasses, as she had done so many times as a student.

There were many gay times and incidents, as well as a number of friendships made with the basketball players from other schools either on the court or afterwards at a tea which will not be forgotten.

The intramural program this year was very successful. Many happy and thrilling hours were spent in the gym as the various teams on campus tried to get to the top.

It's needless to say that all the fun and success of the season would have been just about impossible if it had not been for the "bestest" of coaches—Miss Ulrich.

It's a toss-up!

Mark-em backs!

Hockey

Within a few days after school started the squeals, yells, and groans of prospective hockey players and the smack of hockey sticks were heard on the hockey field. With a knowing look, those who passed by knew that the hockey season was in full swing.

Something new was started in the intramural program. Players were not in teams according to dormitories but made up the teams South African, Yanks, International Wanderers, Scots, Dutch, English, and Irish. (Could this idea have come from

Hockey Camp??) After it was all over, the English came out as the victors.

As an outgrowth of the intramural program, came the extramural teams. It was a feather in our cap when we started the season by defeating the Shenandoah Club, including Misses Sinclair, Hartman, and Ulrich. Other games were played with Bridgewater, Roanoke, and Sweetbriar. Highlight of the season was the tournament. Bay Cottage was fun—but—bur-r-r-r. Cold! Hockey is always played better in the rain.

The season ended with a banquet by the team in honor of our coach, Miss Hartman. The Green Lantern and that fried chicken were wonderful. That white blazer sure looks neat, Miss Hartman!

Modern Dance

"One, two, three, s-t-r-e-t-c-h." This and many other such expressions can be heard in Ashly gym when the Modern Dance Club members gather for practice. We spend many long hours in practice and the development of many fascinating forms of dance—all under the direction of Mrs. Luellen Hewitt.

The student body benefits from the efforts of our dancers. The Christmas season on campus was opened by the club with our recital based on Christmas Carols. All types and moods of carols were interpreted from the dramatic "Snow in the Streets," and the gay "Greensleeves," to the primitive "Hoya, Hoya." The dancers were seen in recital again in March.

During the year each of us works very hard in the hope that we will be selected to make the trip to Woman's College of the University of North Carolina for the annual dance forum.

The dancers made their last appearance for the year during the May Day festivities on campus.

Splash! Into the water go Madison's mermaids, girls who represent the "cream of the crop" in swimming, for each becomes a member only after undergoing a number of tryouts performed for the members of the club. "What price is victory?" new members ask while trying to survive those two famous days of goating.

Members of Porpoise spend many long hours of practice in the pool. Form swimming is really something. You've never seen such patterns!

The annual project of our group is a water ballet. This is always looked forward to by the whole student body and it is well rewarded. During the ballet, the swimmers exhibit form and precision swimming.

In addition to this, our club sponsored a class for those who were interested in obtaining life-saving or instructor's certificates.

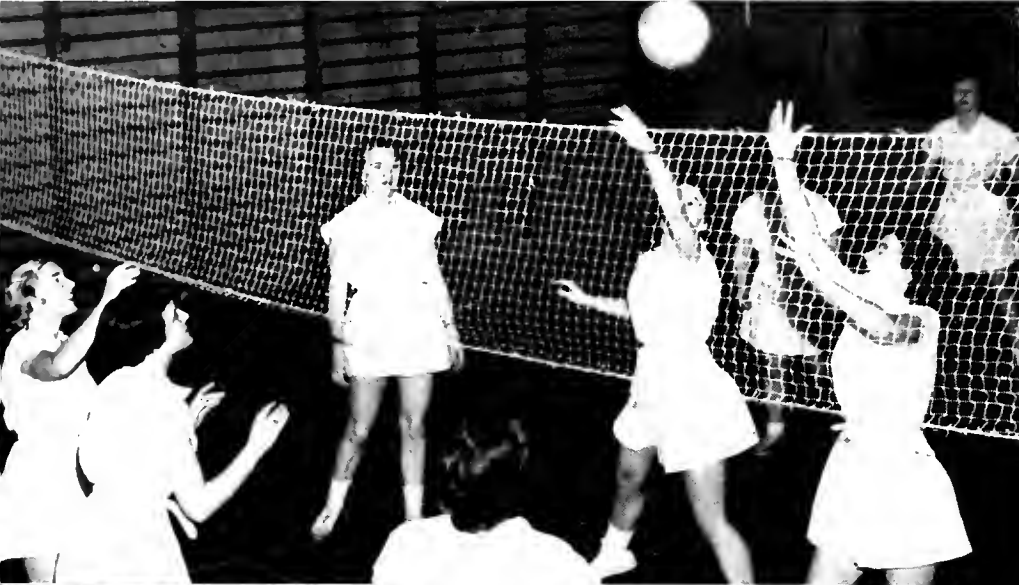

Someone new was added this year—Miss Mary Beyrer, who helped us in all our activities for the year.

FOR THE

1952 SCHOOLMA'AM

Sometimes it is the nature of a craft to create an unbreakable tie between itself and the worker in that field, a heart attachment equal to lifetime devotion. One familiar example is PRINTING. Once editor, once compositor, or pressman catches the spirit of the shop, the spell is seldom broken. Like the odor of a camp fire, or a whiff of salt air, the beloved tang of printer's ink, symbolical of a great profession, gets into your heart and soul. School Annuals, Magazines, Newspapers and Special Printing, all smack of it. It is an invisible link that binds all intelligence together. It is the stimulus for creation in business or romance. This craftsmanship, this devotion to service and alertness to business needs, has nourished and developed an enormous industrial vitality, and whichever way the course of the future runs, the printer will always find himself able to adapt his helpfulness to new opportunity.

Years of experience have taught us! Printing Pays Us Only When It Pays You!
